Mission and Vision:

- Empowerment of the society through providing quality education services to out of school children.

- Making local self-governance informative and responsive to the society

Objectives

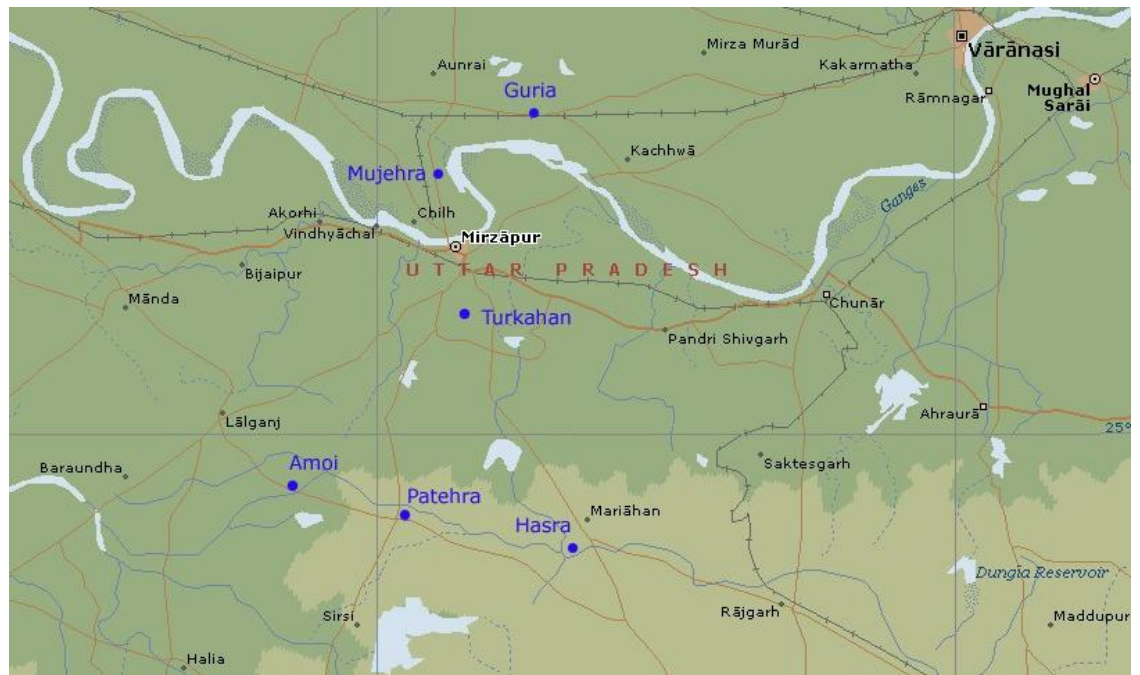

- q Facilitating personal growth, education and rehabilitation of abused and potential child labour.
- q Providing need based non-formal education, healthcare, nutrition and personality development.
- q Mainstreaming them into formal education system.
- q Imparting vocational skill training related to the occupational culture.
- q Creating awareness to demand full observance of labour standards.

Target Group

- Boys and girls - Out of school, school push-outs, school dropouts and potential child workers and actual child workers.

Geographical Coverage.

Mirzapur – Bhadhoi region of Uttar Pradesh State in India.

Reasons for Operation in the Area:

- § Carpet weaving is the major traditional occupation in the area. Because of non-availability of quality educational services children are employed at tender age for carpet weaving, agricultural activities and other labour activities, which hampers their personal and physical development.
- § All out of school children between 8 - 14 years of age are potential / actual child workers. They are engaged in work preparatory to carpet weaving and exposed to exploitation at the cost of their personality development and physical health.
- § Providing quality education to these children gives them opportunity to learn in schools and prepare them for mainstreaming into formal schools.
